KITTEN HEALTH CARE PLAN PACKAGE

\$319

Value of services over \$430!

The plan generally starts at 8-9 weeks of age and continues to include all preventative care needed until 7 months of age. Plan may be altered based on age of kitten starting the package.

INCLUDES:

- Physical Wellness Examinations/Office Visits – generally 3 visits to complete series
 - Includes full physical exam, behavioral, nutritional and litter box-training consultations.
- Vaccinations including:
 - Rhinotracheitis, Calicivirus, Distemper/Panleukopenia (FVRCP) – 3 boosters
 - Rabies
- Fecal/Intestinal Parasite Test – 2 included
- First dose of Revolution Dewormer/flea/ear mite treatment
- Prophylactic Deworming
- Microchip and lifetime registration
- Feline Leukemia / Feline Immunodeficiency Virus (Felv/FIV) Test
- Health information kit and guide

NOT INCLUDED, BUT CAN BE ADDED ON:

- Feline Leukemia Vaccine - \$38 each, series of two required, if at risk (outdoor cats).
- Discounted Spay or Neuter with/without declaw – 10% OFF Regular Price
 - Includes anesthesia and pain medication

All services must be completed within 100 days of the first visit. Not available with other offers or discounts. Plan is intended for healthy kittens. Plans may be tailored to meet the needs of the individual kitten. Plan is non-transferrable to a new owner. No transferring to other pets. Package is non-refundable in the case of loss or death. Discounted spay or neuters must be completed within 6 months of starting the plan. Please see staff for details.
